

Dental Treatment Coordinator Course

What types of practices are implementing the role of DTC?

Event Description

This course is suited for all team members to add value to the practice. This course is for dentists who want thriving case acceptance, treatment coordinators eager to enhance presentation skills, hygienists who present treatment and are excited to polish communication techniques and assistants and administrative staff committed to supporting the case acceptance process.

This course is for the whole team. Each team member plays a crucial role in supporting the doctor's recommendations and relaying the treatment options to our patients.

Karen Young, F.A.D.I.A.
Speaker, Certified Educator, Coach

Toronto-based Patient Care Coordinator Ms. Karen Young brings her passion for dentistry to the table, guiding patients through their treatment, addressing their questions, and overseeing the process from start to finish.

Karen is a member of the Association of Dental Implant Auxiliaries' (ADIA) board of directors and has held an ADIA Fellowship since 2004. With more than 25 years' experience in the dental environment, Karen also holds a qualification in Practice Management and is affiliated with the International Congress of Oral Implantology (ICOI).
